Local MP Kwasi Kwarteng Visits Heritage Railway

On Saturday 20th October 2018 Kwasi Kwarteng, MP for Spelthorne and Parliamentary Private Secretary to the Chancellor of the Exchequer, Philip Hammond, visited Hampton & Kempton Waterworks Railway to show his support for both the heritage Railway and Kempton Steam Museum. “I’ve had a wonderful time visiting both heritage sites and was impressed by the volunteers with their passionate and dedicated commitment to excellence” commented Kwasi Kwarteng. “I really hope they continue their work, encouraging young people to learn about the tradition of great British engineering which both these organisations exemplify. All residents, both local and further afield, should be encouraged to visit this fascinating facility and I’m certainly very keen to return for a much longer visit in the not-too-distant future.”
